16 April 2019

Dear Parent/Guardian

In the next several weeks, RCSCC Centurion will be participating in a number of larger-scale activities. These activities are funded by our support Area as they are part of our Mandatory Training Program. As a result, we do not want to spend money on food, lodging and transportation for non-participating cadets when that money could be used to support other future activities.

Included below is a brief description of each event, with a portion to indicate your cadet's intended participation. Partial participation is frequently possible, we just ask that you make us aware of this requirement as early as you are able to.

Thank you for the help in this,

Lt(N) Jeremy Kennedy

Commanding Officer, RCSCC Centurion

## **Seamanship Inter-Division Competition, 26-29 April**

This is an annual event where cadets from the 5 Sea Cadet Corps from Eastern Ontario gather at Connaught for a weekend of practical seamanship skills training and friendly competition incorporating these skills. Cadets will arrive Friday evening after supper and depart on Sunday early afternoon. Lodging and food will be provided.

Attending: **Yes** or **No** Partial (provide details): \_\_\_\_\_

## **National Battle of Atlantic Ceremony, 5 May (morning-early afternoon)**

As part of the National Battle of Atlantic Ceremony, cadets from our corps will parade in downtown Ottawa with various other Sea and Air Cadet units, Navy and Air Force members and veterans to commemorate the longest continuous military campaign of the Second World War. Return transportation from Connaught will be provided for the cadets. Parents are welcome to attend the ceremony at the National War Memorial.

Attending: **Yes** or **No**

## Mandatory On-Water Training Weekend, 17-19 May

This is a great weekend where we put all of our seamanship knowledge gained throughout the year to practice and use it to operate a variety of boats including canoes, whalers, small sailboats and powerboats. It will take place near Long Sault, Ontario, and cadets will be home on 19 May before supper. Other activities such as orienteering and air rifle range will also be incorporated into this weekend. Transportation from Connaught, food and lodging are provided.

Attending: **Yes** or **No** Partial (provide details): \_\_\_\_\_

## Mandatory Sail Training Weekend, 25-26 May

Cadets in training Phases 1-4 must all participate in dinghy sailing at least once per training year. This weekend our corps will be able to send 28 cadets to sail at a site near Connaught. At least 7 more cadets will get an opportunity to sail in June. Priority will be given to cadets who did not sail at our weekend in September. Lunch is provided each day.

Attending: **Yes** or **No** Partial (provide details): \_\_\_\_\_
